

Model: SMK-8150

Solar panel: 25W

Battery capacity: 3.2V 20Ah

Height of installation: 3-5m

LED: 96pcs

Charging time: 4-5H

Working time: 18-24H

Ipclass: IP66

Materials: Aluminum

Working Mode:

Light control+100%lightng

Radar sensors

Applicatons: Courtyards,  
Parks, Roads, Farms Schools,  
Factories

Model: SMK-8200

Solar panel: 35W

Battery capacity: 3.2V 30Ah

Height of installation: 3-5m

LED: 160pcs

Charging time: 4-5H

Working time: 18-24H

Ipclass: IP66

Materials: Aluminum

Working Mode:

Light control+100%lighting

Radar sensors

Applications: Courtyards,  
Parks, Roads, Farms Schools,  
Factories

Model: SMK-8300S

Solar panel: 50W

Battery capacity: 3.2V 40Ah

Height of installation: 3-5m

LED: 160pcs

Charging time: 4-5H

Working time: 18-24H

Ipclass: IP66

Materials: Aluminum

Working Mode:

Light control+100%lighting

Radar sensors

Applications: Courtyards,  
Parks, Roads, Farms Schools,  
Factories
